

25th January 2021

Dear Parents/Carers

We are pleased to inform you that we will be launching a brand-new app from Parentapps that will greatly improve the way we communicate with our parents/carers.

The Parentapps Connect System will provide you with instant access to our term dates, letters home and class pages. It also links directly to our website and provides quick links to useful information.

We aim to use it to send information that is specific to your child(ren) so that you are not bombarded with messages for all year groups. More than one adult can sign up to the app so that everyone involved with your child(ren) gets the information.

Lastly, the app is secure and GDPR compliant and in order to access it you will need to be invited via text or email. In order for Parentapps to access school data, we use a system called Wonde which communicates between the school system and Parentapps which ensures that the data is up to date.

Please look out for an email or text invitation from Parentapps with further instructions on downloading and accessing the app. If you have any questions, please get in touch.

Many Thanks,

Mr Chris Kirkham-Knowles

Headteacher
