

Newby and Scalby Primary School

“Working to Learn Together”

Curriculum Intent

Our curriculum is designed to ensure that every child receives a broad, balanced, progressive and differentiated curriculum that prepares them for life.

Our expectation is that children will develop the view that learning is a worthwhile experience in its own right.

The intended outcomes are:

- *Happy pupils who have deeply learned memories to share and stories to tell in later life*
- *Pupils who have developed a love of reading*
- *Pupils who are knowledge and skills rich and can successfully apply learning independently in a range of situations*
- *Pupils who are resilient learners, can solve problems, make the right choices, learn from mistakes and are confident in a variety of situations*
- *Pupils who apply British Values and feel included within society*
- *Pupils with positive self-esteem who have a sense of who they are*
- *Pupils who are well-rounded and who display kindness and can empathise, effectively using interpersonal skills*
- *Pupils who have experienced a range of cultural and social experiences on which they can build in the future*
- *Pupils are team players who are competitive in the right circumstances*
- *Pupils who know how to stay safe and are prepared for the next stage of life when they leave our school*
