THE FRIENDS OF NEWBY & SCALBY PRIMARY SCHOOL

Information for Parents and Carers

Who are the Friends?

We are parents, grandparents and carers of Newby & Scalby school children . We raise money to improve the facilities at the school and enjoy ourselves in the process by organising events for both adults and children.

When do we meet?

We aim to meet on two/three evenings a term in school. Meetings are informal and relaxed and we are delighted to see new people, so do come along, we always want new ideas.

This year at school we organised the following:

- Christmas and Summer Fairs
- Treasure Hunt/BBQ
- Parties/Discos for the children
- Easter egg/bonnet competition
- Refreshments at special events

What have we raised money for in the past?

We have helped to purchase resources that have made a difference to school life.

The Library next to the main hall was built with money raised by the Friends and we have provided several computers for the school and lots of software.

In 2012/2013

We raised funds towards a new Sound and Lighting system, blackout blinds and curtains for the school stage, which enabled children to participate in the 'behind the scenes' aspects of productions. The lighting track and stage lights are the last instalment. A plaque was unveiled in the hall to commemorate this.

In 2013/2014

We are raising money to expand outside learning for pupils to compliment the trees that were planted last year.

How do I find out about the meetings?

Details about our meetings and activities will come home from school with your child in the newsletter.

Also, in the school reception there is a book that you can leave messages and notes in that will be passed on to the Friends.

We appreciate that not everyone wants to come along to a meeting but everybody is welcome to participate in some shape or form.

WE NEED YOUR HELP TO MAKE A DIFFERENCE!

“The Friends of Newby & Scalby Primary School are a vital part of the social and educational life of the school. Their assistance in all areas of school life is invaluable and is welcomed by all staff and governors.” (Chris Knowles, Headteacher)
